# Ahmed Ghorbel

Full-Stack JavaScript  
Developer

## OBJECTIVE

"As a highly motivated and technically adept junior developer, I am dedicated to harnessing my foundational skills in Full-Stack JavaScript, acquired through rigorous training and education, to contribute effectively to web development projects. Eager to collaborate within dynamic teams, I aim to rapidly expand my practical experience and deliver innovative solutions while maintaining a strong commitment to continuous learning and growth."

## WORK EXPERIENCE

Sales Manager

2020 - 2022

### Alphabet Company

- Developed a comprehensive short- and long-term sales strategy, achieving specified objectives.
- Successfully identified new business prospects and maintained connections with key clients and partners.
- Collaborated with cross-functional teams to deliver exceptional customer experiences.

Project

2023

### E-DRIVE

- <https://edrive.netlify.app/>
